Health Matrix: Journal of Law-Medicine is grateful to the Law-Medicine Center at Case Western Reserve University School of Law for its sponsorship of symposia and conferences concerning the latest developments in the area of law and medicine. During the more than forty years of its operation, the Center has broadened its focus from issues involving forensic medicine to the whole range of legal, social, economic, scientific, and ethical issues in which law and medicine are interrelated.

The Journal would also like to acknowledge Greg Fernengel for his work on volume 12, issue 1.
